COPYPRINTER

The Gestetner 5309L CopyPrinter is your ideal budget-conscious, high-volume output solution. Designed for the diverse workplace needs of school teachers and administrators, the digital 5309L CopyPrinter produces up to 130 crisp, clear copies per minute while offering outstanding imaging and all the latest features.

All your documents will be brilliant. Advanced capabilities allow the 5309L CopyPrinter to automatically detect line, text and photographic areas of documents so jobs of all types reproduce beautifully. Fine Mode enhances clarity by printing fine lines at a 300 x 400 dpi resolution.

Users have a choice of either standard or special order colors. Custom inks in every PMS color are at your disposal; plus you can adjust each shade using Tint Mode to expand your creative possibilities. Swapping your optional color drums is easy as ever with the Gestetner CopyPrinter system.

Save money upfront and in the long run. The Gestetner 5309L CopyPrinter offers one of the most cost-effective opportunities in high-volume printing. More economical to run job after job than any comparable output device, the 5309L CopyPrinter prints typical high-volume applications at just a third of a cent per page.

Advanced, flexible features make your job easier. Open-book copying is a must in your work atmosphere and easy to do with the 5309L CopyPrinter. With our Shadow Erase function, all edge and center shadows that are typically seen when copying textbooks are digitally eliminated, providing you sharp, easy-to-read documents.

What's more, the 5309L CopyPrinter accommodates stocks of all kinds, from envelopes to NCR to construction paper or cardstock. An improved Paper Feeding system with three pressure levels streamlines feeds no matter what type of job you're running. Image Rotation lets you rotate an image by 90 degrees, or place two originals side-by-side on up to 8.5" x 14" paper.

Make the connection and print from your desktop. It's a snap to download documents composed on your Windows-based PC or Macintosh computer* to the 5309L CopyPrinter. A choice of optional print controllers enables connectivity and assures seamless workflow productivity.

Safe for all in your work environment. When not in use, the Gestetner 5309L CopyPrinter goes into efficient, energy-saving Standby Mode. It is also safe and clean for your school environment, as it uses earth-friendly, odorless inks and master materials.

Quality, reliability and affordability come standard with the Gestetner 5309L CopyPrinter—the single solution for all your high-volume copying and printing needs.
