**GESTETNER INTRODUCES NEWEST  
DESKTOP MULTIFUNCTIONAL SYSTEM**

*The DS<sub>m</sub>520pf is Ideal for Small Office Groups With High Demand and Limited Space*

**West Caldwell, NJ, November 2, 2005** – Providing small office groups with a compact and affordable alternative for all of their document needs, Gestetner today introduced its newest desktop multifunctional product (MFP), the DS<sub>m</sub>520pf. With advanced copier and network printer functionality, full color and black and white scanning, high-end Super G3 Fax capabilities and an all-in-one toner cartridge, the DS<sub>m</sub>520pf empowers workgroups of any size to optimize productivity and out-perform their competition.

“Gestetner has a deep appreciation for the unique needs and budgetary constraints of our smaller business partners,” said Mark Pollack, vice president of product marketing and marketing support. “The Gestetner DS<sub>m</sub>520pf ensures that our customers, regardless of their workgroup size, will never have to sacrifice productivity for price. While this sleek MFP is a space-saver, it is also a workhorse and an indispensable office companion.”

Printing at 22 pages per minute with a resolution of 600 dpi, the Gestetner DS<sub>m</sub>520pf also features an ample paper capacity (up to 550 pages) to ensure uninterrupted output. A standard USB Flash Drive Port, enables visiting personnel to print documents from – and scan them to – a USB Flash Drive. As a PCL6 network printer, the DS<sub>m</sub>520pf offers fast PC or Network connections via standard USB 2.0, Ethernet, or Parallel interfaces.

Equipped with a standard 50-sheet automatic document feeder, the DS<sub>m</sub>520pf also features a variety of budget-friendly capabilities that combine to reduce paper and hardcopy storage costs. This MFP, for example, will print two images on one page, allowing users to copy

information from both sides of identification documents – such as driver’s licenses and insurance cards – onto a single side of paper.

With the DSm520pf’s full-color and black and white network scanning functionality, the user can transfer hardcopy images, photos, and logos into electronic files for enhanced document presentations. In addition, the Scan-to-Email function scans full-color or black and white documents and then sends them over the Internet via Outlook Express. Users also can store documents efficiently by scanning hardcopy documents directly to a USB Flash Drive. The DSm520pf’s overall scanning functionality is further fortified by standard easy-to-use Readiris Pro 9 OCR software.

Outfitted with 4 MB of memory and a 43-hour fax memory back-up to preserve information in the case of a power loss, the DSm520pf also boasts Super G3 Fax functionality, which transmits documents to their destination as swiftly as 3 seconds per page. This MFP seamlessly integrates with popular operating systems and business software and is easily managed and monitored remotely via a standard web browser using Web Image Monitor Type 103.

Suggested retail price of the DSm520pf is \$620. To learn more about the DSm520pf, please visit [www.gestetnerusa.com](http://www.gestetnerusa.com).

### **About Gestetner**

Gestetner's broad line of award winning network-ready digital output systems – including full color and black-and-white digital imaging systems, color and black-and-white network laser printers, and fax machines – delivers document output solutions for businesses of all sizes, at speeds from 8 to 105 ppm. Gestetner document management systems are marketed through a nationwide network of independent dealers. Gestetner is a brand of West Caldwell, NJ-based Ricoh Corporation. ## Gestetner DSm520pf Product Specifications

### GENERAL/COPY SPECIFICATIONS:

Continuous Copy Speed:	22 Copies/Minute
Quantity Selector:	1-99
Warm-up Time:	Less than 42 seconds
First Copy Time:	10 Seconds (Platen); 15 Seconds (ADF)
Resolution:	600 x 600 dpi
Standard Paper Capacity:	250-Sheet Tray/50-Sheet Bypass
Maximum Paper Capacity:	550 Sheets
Std. Memory Capacity:	32 MB basic/160 MB Maximum
Zoom:	25% - 400% in 1% increments (Platen); 25% - 100% in 1% increments (ADF)
Maximum Copy Volume:	2,500/Month

### PRINTER SPECIFICATIONS:

Processor:	166 MHz
Resolution:	600 dpi
Network Protocol:	TCP/IP, SNMP, HTTP1.1
Network Operating Systems:	Windows 98/Me/NT4.0/2000/XP
Printer Languages:	PCL6
Standard Interfaces:	USB 2.0*, IEEE1284 Parallel*, Ethernet

\*USB and IEEE1284 are not simultaneously supported.

### FACSIMILE SPECIFICATIONS:

Circuit Type:	PSTN, PBX
Compatibility	ITU-T G3
Modem Speed:	33.6 Kbps
Transmission Speed	G3: 3 Seconds
Scanning Speed:	2.5 Seconds
Compression Method:	MH, MR, MMR, JBIG, JPEG (color faxing)
Resolution:	203 x 98/196, 300 x 300 dpi,
Page Memory:	4 MB/320 Pages**
Memory Backup	43 Hours
Quick Dials:	40

\*\*Based on ITU-Test Chart #1 in Standard mode

**SCANNER SPECIFICATIONS:**

<b>Scan Speed:</b>	<b>Black &amp; White (1 bit): 27 Seconds</b> <b>Gray Scale (8 bit): 75 Seconds</b> <b>256 Colors (8 bit): 150 Seconds</b> <b>True Color (24 bit): 150 Seconds</b>
<b>Scan Resolution:</b>	<b>600 dpi</b>
<b>Original Sizes:</b>	<b>Platen: 8 1/2" x 11"</b> <b>ADF: 8 1/2" x 14"</b>

**TWAIN DRIVER\*\*\* & PC REQUIREMENTS:**

<b>Operating Systems:</b>	<b>Windows 98/Me/NT4.0/2000/XP</b>
<b>Memory:</b>	<b>64 MB or more/128 MB for Windows XP</b>
<b>CPU:</b>	<b>Pentium II 400 MHz or more/Pentium III 930 MHz for Windows XP</b>
<b>HDD:</b>	<b>More than 300 MB of disk space is required/1 GB for Windows XP</b>
<b>Color Control:</b>	<b>Yes</b>
<b>Image Rotation:</b>	<b>Yes</b>

\*\*\*TWAIN Driver supports multi-page scanning by one-click from ADF only
